## ABOUT UDAIPUR

The city of Udaipur is a lovely land around the azure water lakes hemmed in by the lush hills of the Aravalis. Drenched with heritage and beauty, Udaipur is a fascinating blend of sights, sounds and experience-an inspiration for poets, painters and writers. The city has a lot to offer in terms of tourism, business and education. It was established by Maharana Udai Singhji and since then the Mewar dynasty has been the cultural custodians of the city. Being centrally located in Rajasthan it has moderate climatic conditions and easy access by road, rail and air. Among numerous exquisite locations to visit in Udaipur are City Palace, Jagdish Temple, Bharatiya Lok Kala Museum, Sahelion Ki Bari (Garden of the maids of honour), Pratap Memorial, Fateh Sagar, Pichhola Lake, Ahar and Sajjan Garh to name a few.

## About the CONFERENCE

Increasing women's participation in economic activities has been vital for improving the quality of life of the family, the society and the country. It is important to enable women to participate in economic activities. It is one of the ways for any country in the world to accelerate development and to eliminate poverty as women will invest their incomes in their child's health, nutrition and education that will in turn improve their families living conditions. We all talk of gender equality, woman empowerment and female education; but how far it has been achieved in reality? Coming this far, evolving, civilizing, modernizing; what are the changes that have taken place in reality? Though well educated, employed and marching ahead; like all other women, working women too face a lot of challenges and problems in this competitive, dynamic environment with one of the key factors as technological development & innovations.

To mark her identity, to be independent, to earn a living, to run her family or to support her husband to run the family; there are numerous reasons today women step out of their home, to work and to earn. Breaking off her traditional image of home maker, women today are taking up new roles and challenges of work and career. Women's tasks and challenges have increased and hardened multifold now when she is super multi-tasking; juggling between career, travelling, kitchen, kids, husband, house, society, personal health, passion and desires. Balancing between so many duties and obligations, a woman faces numerous challenges and problems every day, every time, and may be every second minute or second. The proposed conference titled **"Dimensions for Sustainable Growth among Working Women in India" (DSGWWI-2016)** will provide a platform for exchange of ideas, case studies and research findings and implications on the said theme and proposed subthemes supporting sustainable growth among working women in India.
