## **AISHWARYA COLLEGE** of Education Sansthan

## EDITORIAL

Today, as is recognized globally, education is the prime mover in the holistic development of individuals, Organizations, Societies and Nations at large. The Challenging task of building & managing quality Institutions is an honest effort towards making a meaningful contribution in dissemination of knowledge in the Society. Aishwarya Education Society has endeavored to contribute to the national development by engaging in building quality education Institutions. It is with pride & satisfaction at the accomplishments of the past year of the constituents of the Aishwarya Education Society that we bring forward the present edition of Reflections.

It is always a nostalgic experience to edit the Annual book of the Institution. One feels a rush of emotions & vigor recapping the events & achievements of the past academic year. The same happened with us while editing the present issue of Reflections.

In spite of great care taken in editing the present issue, a few errors may have occurred in the printed edition of the souvenir. We before hand express regret & offer our humble apologies for the same.

Finally, we would like to thank all the contributors who supported us in bringing out this Souvenir.
